ADDICTED MAGAZINE // EARTH IS BURNING AND DROWNING AND OUR LEADERS ARE DOING NOTHING EDITION

"In their song, Tip, released today on the final day of Global Climate Strike Week, Anita and Liv Cazzola take what feels like a well-earned shot at our Grinning Haircut PM with the words:

*I'm making myself dizzy untangling what's passed to our hands
while you're busy making oil hungry foes friends*

Yep. That's a good summation."

CHILLFILTR // THE LIFERS - THE NATURE OF THINGS

"It's an opportunity for reflection, for a stroll around the figurative garden of one's own turbulent abbey. As the storm of self-possession crashes in and recedes again, we take solace in the shelter of a perfect fifth. Let the accordion ring out: I can see shadows moving across the floor."

May 25, 2018

SOUNDHECK ENTERTAINMENT // GETTING HONEY SUITE WITH THE LIFERS

"If a summer breeze carrying the scent of lilac and a warm, soothing caress had the ability to sing to you, The Lifers songs are what you would hear."

May 22, 2018

COMEHREFLOYD // THE LIFERS SINGLE "THE NATURE OF THINGS" OFF OF RECENTLY RELEASED ALBUM "HONEY SUITE"

"The slow churning of the Ocean, of solid slaps in boulders of dark blue waves – hits your consciousness in highlight, beaming through heaven's stairways through."

"There's zero ambiguity on this single. The combination of Elivia and Anita Cazzola is powerful to listen to."

May 18, 2018

ROUTE 26 // STEP INSIDE HONEY SUITE: Q&A WITH THE LIFERS

"Rich and emotive instruments like accordion, cello, and electric guitar flesh out the music into dense and passionate pieces. Throw some hard-hitting rhythms and tight unison into that mix, and you'll find that they're truly a sight to behold on stage. That energy translates more than ever in their new album, Honey Suite, with each song bringing you deeper into their loving, compassionate, musical world."

May 16, 2018

WE LOVE THAT // THE LIFERS - THE NATURE OF THINGS
